

Shraddha Gokhale

Junior Interior Designer – Residential

Pune, Maharashtra · [Phone] · [Email] · [Website or LinkedIn]

PROFESSIONAL SUMMARY

Interior design graduate focused on compact city apartments, modular kitchens and storage-heavy layouts for families. Produces working drawings, 3D views and material boards, and has supported site measurements and carpenter coordination during an internship with a residential studio. Keen to grow within a design-and-build team handling complete home interiors.

SKILLS

AutoCAD · SketchUp · V-Ray rendering · Space planning · Modular kitchens · Material boards · Site measurement · BOQ preparation

EXPERIENCE

Interior Design Intern — Residential interior design studio, Pune

6-month internship

- Drafted furniture layouts and electrical points for nine two and three-bedroom apartments under a senior designer's review.
- Measured sites and recorded beam, window and plumbing positions, which removed rework in two kitchen cabinet orders.
- Built SketchUp models and rendered views that clients used to approve colours and finishes in a single meeting.
- Prepared first-draft quantity lists for wardrobes and kitchens, checked later by the studio's estimator.

EDUCATION

Bachelor of Interior Design — Private design college affiliated to a state university, Pune

Thesis on storage planning for one-bedroom flats

Class XII (Science) — State board junior college, Pune

CERTIFICATIONS AND REGISTRATIONS

- Student member, Institute of Indian Interior Designers
- Online course in lighting design basics

PROJECTS

- Compact Living Thesis — layouts for a 450 sq ft one-bedroom flat with 40 percent more storage than the builder plan
- Café Refit Concept — college project on a 30-seat café, graded best in class for material palette
