

Snehal Patil

Operations Executive

Nashik, Maharashtra · [Phone] · [Email] · [Website or LinkedIn]

PROFESSIONAL SUMMARY

MBA operations graduate with ten months as a management trainee at a packaging manufacturer, supporting production planning, shift reports and a lean improvement project. Comfortable with Excel dashboards, 5S audits and daily production meetings. Looking for an operations executive or assistant manager role in manufacturing or warehousing in western India.

SKILLS

Production planning support · Daily MIS reports · Lean and 5S · Root-cause analysis · Excel dashboards · Shift coordination · Inventory tracking · SAP MM and PP basics

EXPERIENCE

Management Trainee, Operations — Corrugated packaging manufacturer, Nashik

10 months · current

- Prepare daily production and wastage reports for three shifts, used in the morning review with the plant head.
- Ran 5S audits across the corrugation and printing lines, tracking scores weekly on a visual board.
- Supported a changeover reduction project on the printing line that cut average changeover time noticeably.
- Updated the weekly production plan in Excel when urgent customer orders came in, checking board stock first.

Summer Intern — Third-party logistics warehouse, Bhiwandi

2-month internship

- Timed pick and pack activities and proposed a new bin layout for fast-moving items.
- Built a simple dashboard of dock-to-stock time for the warehouse manager.

EDUCATION

MBA in Operations and Supply Chain — Private business school, Pune

Project: line balancing study for an auto component assembly line

B.E. in Mechanical Engineering — Engineering college affiliated to a state university, Nashik

CERTIFICATIONS AND REGISTRATIONS

- Lean Six Sigma Yellow Belt
- SAP Production Planning, training institute course

PROJECTS

- Wastage tracker — Excel tool for recording board wastage by cause, now used by shift supervisors
