

Lakshmi Reddy

Clinical Pharmacist

Hyderabad, Telangana · [Phone] · [Email] · [Website or LinkedIn]

PROFESSIONAL SUMMARY

Pharm.D clinical pharmacist with six years in ward-based clinical pharmacy and pharmacovigilance. Reviews medication charts on ICU and medicine rounds, reports adverse drug reactions and supports the antimicrobial stewardship committee. Seeking a senior clinical pharmacist role in a tertiary hospital where pharmacists work closely with physicians on dosing and safety decisions.

SKILLS

Medication chart review · Renal dose adjustment · Antimicrobial stewardship · ADR reporting · Therapeutic drug monitoring · Drug information · Formulary management · Clinical audits

EXPERIENCE

Clinical Pharmacist — 600-bed tertiary care hospital, Hyderabad

4 years · current

- Join daily medicine and ICU rounds, reviewing around forty medication charts for dosing errors, interactions and duplicate therapy.
- Recommend renal and hepatic dose adjustments to physicians, with most suggestions accepted and documented in the patient file.
- Collect and assess suspected adverse drug reactions, submitting reports through the national pharmacovigilance programme.
- Prepare monthly antibiotic consumption reports for the stewardship committee and flag prolonged broad-spectrum courses.
- Answer drug information queries from nurses and junior doctors through a pharmacy helpline during day shifts.

Pharmacist, Inpatient Dispensary — 300-bed multi-speciality hospital, Vijayawada

2 years

- Supervised unit-dose dispensing for surgical and orthopaedic wards, cutting missed doses reported during nursing handovers.
- Reorganised high-alert medicine storage with separate labelled bins for insulin, potassium chloride and heparin.
- Maintained narcotic and psychotropic registers and passed every internal audit without discrepancies.

EDUCATION

Doctor of Pharmacy (Pharm.D) — private pharmacy college affiliated to a health sciences university, Guntur

Internship year in general medicine and paediatric wards

CERTIFICATIONS AND REGISTRATIONS

- Registered Pharmacist, Telangana State Pharmacy Council
- Certificate course in antimicrobial stewardship
- Workshop on therapeutic drug monitoring

PROJECTS

- Look-alike sound-alike drug list — compiled a ward poster of confusable names that nursing heads displayed in every medication room
- Vancomycin monitoring audit — reviewed trough level practices and proposed a sampling schedule adopted by the ICU
