

Mayank Tiwari

Supply Chain Analyst

Vadodara, Gujarat · [Phone] · [Email] · [Website or LinkedIn]

PROFESSIONAL SUMMARY

Supply chain management graduate with a nine-month analyst role at a pharmaceutical distributor, supporting demand planning, stock replenishment and expiry tracking. Builds Excel and Power BI reports from SAP data and follows up with suppliers on open purchase orders. Seeking a supply chain analyst or planning executive role in pharma, FMCG or manufacturing.

SKILLS

Demand planning support · Replenishment planning · SAP MM basics · Excel modelling · Power BI · Purchase order follow-up · Expiry and batch tracking · ABC and XYZ analysis · Supplier communication

EXPERIENCE

Supply Chain Analyst — Pharmaceutical distributor serving hospitals and chemists, Vadodara
9 months · current

- Prepare weekly replenishment suggestions for 1,800 SKUs across three depots using sales history and minimum stock levels.
- Track near-expiry batches and alert the sales team to move stock, reducing write-offs in the last quarter.
- Follow up with 40 suppliers on open purchase orders and update expected delivery dates in SAP.
- Built a Power BI dashboard for fill rate and stock-outs used in the monthly review.

Summer Intern — Chemicals manufacturer, Ankleshwar
2-month internship

- Ran an ABC analysis of raw material inventory and suggested review frequencies for each class.
- Mapped inbound truck turnaround at the plant gate and suggested time slots for suppliers.

EDUCATION

MBA in Supply Chain Management — Private university, Vadodara
Electives: demand forecasting, logistics and warehousing

B.Sc. in Chemistry — College affiliated to a state university, Prayagraj

CERTIFICATIONS AND REGISTRATIONS

- SAP MM, training institute course
- Supply Chain Fundamentals, online course

PROJECTS

- Safety stock calculator — Excel tool using demand variation and lead time, adopted by the depot planners
